

Night On The Town Award

Presented to:

Jason Israel

Please accept this "Night On The Town" in appreciation and support with the daunting task of migrating the C2 Lab TCP/IP Addresses. This project, concurrent with the C2 Lab Cleanup Project, that included removing about eight tons of obsolete equipment, leftover cable rat's nests, and the addition of new equipment, required coordinated physical and logical changes to seventy-six units.

*Thank you.
Steve Williams*

A handwritten signature in black ink that reads "Lal Kerai".

Lal Kerai

October 21, 2004

This certificate entitles the bearer to a Night On The Town up to \$100.00
